

# iLumn8® How to Calculate Postage

## Via Shopping Cart Method

To calculate your shipping cost before you go through the checkout is easy.

- 1) Simply add the products you want into your shopping cart.
- 2) Click the “View Cart” button on the right side of the page.

- 3) You will now be able to view your shopping cart, it will look like this;

A screenshot of a shopping cart and shipping calculator interface. The shopping cart is displayed as a table with columns for Name, Price/QTY, QTY, and Price. It contains one item: 'Finger Lights (Card of 4)' with a price of AUD2.00 and a quantity of 100. Below the table are buttons for 'Continue Shopping', 'Change QTY', and 'Checkout'. Below the shopping cart is a 'SHIPPING CALCULATOR' box with fields for Country (Australia), State (Select), and ZIP, and a 'Calculate Shipping' button.

Name	Price/QTY	QTY	Price
 Finger Lights (Card of 4)	AUD2.00	100 Remove	AUD200.00
Empty Cart Total:		100	AUD200.00
